Event Report:

Department of General Medicine amidst COVID 19 pandemic has conducted CME-MEDICON 2020 on Covidology- study of new normal-sharing experiences. It was an online CME conducted on 23rd November 2020. Speakers from different parts of India and all over the world contributed their knowledge and skill and enlightened the participants about guidelines of Covid-19 Management.

All the national and international speakers shared their experiences about Covid-19 and also highlighted important strategies during management of Covid-19. The CME was interactive and participants were allowed to ask queries, doubts after every session.

Paper presentation and poster competition were conducted and the winners were honored. Dedicated work and effort of our faculties have made this online CME a successful one.

The primary aim of the CME was understanding basic pathophysiology and awareness about guidelines in managing covid-19 patients.
