

### Feedback report on Curriculum for year 2021-22

Feedback on curriculum is collected from various stakeholders such as Students, Alumni, Faculty, Professionals and employers. The preferred method chosen for the feedback collection was online feedback by providing the link to the stakeholders. Feedback contains standard questionnaire with five-point grade. The online feedback is commonly preferred because of ease of access and analysis of collected data. Curricular feedback is also collected in hard copy format with the same type of questionnaire in order to maintain the uniformity. The suggestion box is kept outside the principal office to collect any type of feedback including curricular feedback.
