

List of ICT enabled tools used for teaching and learning

Institute has developed robust learning management system to get exceptional learning experience for students.

Institute has provided adequate space on the website for development of learning management system. Following tools, modules are made available.

1. E-videos- Concise short videos of 2-3 mins which are important from clinical and practical point of view are developed and uploaded by all the departments.
2. PPT: Some of the classes which need more understanding, such PPTs are uploaded.

In addition to this, every department has created online teaching learning material in their department Microsoft user ID and made available for the students.

Also, in collaboration with DOC TUTORIAL, college has provided academic management system that includes online video classes and notes for all the departments. Academic management system is available in central library.
