**CME & SYMPOSIUM FOR POSTGRADUATES**

**Theme: MONKEY POX – A MENACE – 1**

Date: 05.08.2022

Venue: Dept. of Microbiology

Total No. of Students Participated: 48

Total No. of Resource Person: 03

Organized by: Dept. of Microbiology, KIMS & RC

The objectives of this CME was to recognize the global burden of hepatitis virus and disseminate the knowledge in identifying challenges & successes in scaling up diagnosis, screening , antiviral treatment & prevention of viral hepatitis

The first speaker Dr. Senthil Kumar, 1st year Postgraduate, Dept. of Community Medicine gave a talk “Historical Perspectives & current epidemiology of Monkey pox”. He enlighten the various Genetic clades, Genomic variability Reservoir & transmission. Primary & Secondary transmission.

The 2nd speaker Dr. Vasuki, 3rd Year Postgraduate, Department of Clinical Microbiology on spoken on “Monkey Pox –Virology”. The learning objectives are Taxonomy Genome, Replication, Biosafety level & risk group.

The 3rd Speaker Dr. Mihija K P, 1st year Postgraduate Dept. of Dermatology delivered “Overview of disease progression”. The learning objectives are Clinical progression, Skin manifestation, differential diagnosis. The various differential diagnosis are chicken pox, measles, Herpes zoster, Secondary syphilis, Molluscum contagiosum, Hand foot mouth disease.

The last session is followed by scientific discussion by undergraduates & postgraduates posttest, feedback & Vote of thanks. Around 48 delegates including Undergraduates & Postgraduates of various departments from our institution & other institution participated in the CME programme.

**Theme: Monkey Pox: A Menace – 1 1**

Date: 12.08.2022

Venue: Dept. of Microbiology

Total No. of Students Participated: 40

Total No. of Resource Person: 05

Organized by: Dept. of Microbiology, KIMS & RC

The objectives of this CME was to recognize the global burden of hepatitis virus and disseminate the knowledge in identifying challenges & successes in scaling up diagnosis, screening , antiviral treatment & prevention of viral hepatitis.

The programme flagged off at 1.30 Pm with CME registration for 10 min and & pretest started at 1.40 Pm -1.50 Pm (10 min). Dr. S.Dhanapaul, Professor& Head of Clinical Microbiology, KIMS&RC gave a Welcome address & briefed the importance of Monkey Pox in this pandemic era and addressed various genetic clades of monkey pox virus.

The first speaker Dr. Saranya, 1st year Postgraduate, Dept. of Clinical Microbiology gave a talk “Laboratory diagnosis -Microbiological perspectives”. She enlightens the various objectives like Collection of clinical samples, Transport to referral lab, Molecular diagnosis.

The 2<sup>nd</sup> speaker was Dr. Cresen Cabrina 1<sup>st</sup> year Postgraduate, Department of Pathology “Histology of Skin Biopsy”. The learning objectives Immuno histochemical study of skin biopsy. Balloning degeneration and necrotic keratinocytes within the epidermis and a moderate inflammatory cell infiltrate within the epidermis, superficial dermis and spongiotic edema.

The 3<sup>rd</sup> Speaker by Dr. R.Suganya, 1st year Postgraduate, Dept. of Pharmacology delivered a talk on Monkey Pox vaccines –ACAM 2000 & JYNNEOS .The learning objectives are Licensed Vaccines: ACAM 2000 /JYNNEOS.

The 4<sup>th</sup> Speaker by Dr. G.R.Polillan , 1st year Postgraduate Dept. of Pharmacology“ Antiviral drugs in Monkey Pox” : Cidofovir / Brincido Tecovirimat. Two orally bio available drugs are approved in USA for treatment of small pox in preparation for potential bioterrorism event.CDC holds an EA –IND that allows for the use of cidofovir for treatment of orthopox virus including monkey pox in an outbreak.

The 5<sup>th</sup> Dr.Vinoth Kumar 1<sup>st</sup> year Postgraduate Department of Community Medicine delivered talk on “Infection Prevention & Control in Community Setting”. The knowledge and skills gained will help them to initiate or further strengthen emergence, Diagnosis & prevention of Monkey pox

**CME ON “SEPSIS – A WORLDWIDE KILLER”**

**DATE: 26.08.2022**

**VENUE: KIMS CME HALL,  
LECTURE HALL COMPLEX**

**TOTAL NO. OF PARTICIPANTS: 105**

**TOTAL NO. OF RESOURCE PERSONS: 06**

**ORGANIZED BY:** Department of Microbiology, KIMS&RC

The Department of Microbiology, KIMS&RC organized CME on “Sepsis –A Worldwide Killer” on 26<sup>th</sup> August 2022 (Friday) from 8.30 Am - 12.45 PM at CME Hall, Lecture Hall Complex, Karpaga Vinayaga Institute of Medical Sciences & Research Centre. The objectives of this CME was to recognize the global burden Sepsis is a life-threatening organ dysfunction that results from the body's response to infection. It requires prompt recognition, appropriate antibiotics, careful hemodynamic support, and control of the source of infection. With the trend in management moving away from protocolized care in favor of appropriate usual care, an understanding of sepsis physiology and best practice guidelines is critical. The knowledge and skills gained will strengthen the Diagnosis, treatment and prevention of Sepsis. Around 105 delegates including Undergraduates & Postgraduates of various departments from our institution participated in the CME programme. The last session was followed by scientific discussion.

Professor & Head, Department of Clinical Microbiology, KIMS&RC

This is to bring your kind information that the department of Anatomy conducted a CME on ‘SERIAL CLOTHING OF SEROUS MEMBRANE OF ABDOMEN –An Update with its Clinical & Surgical Implications’, KIMS & RC on 27<sup>th</sup> August 2022 (4<sup>th</sup> Saturday) from 8.30am to 3.00pm (6 & Half hours ) at KIMS & RC Chengalpattu.

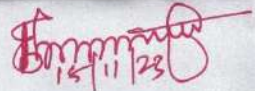

- Overall opinion about the program was satisfactory and it was conducted following ethics norms it also had desired academic value
- Total Number of Participants**

Total Number of Participants (Faculty) Attended the CME	255
Participants enrolled for TNMC certificate	98 (97+1)
Participants enrolled for TNMC certificate other than TNMC	01
National	255
International	Nil
- Total Number of Chairperson**

TNMC- Nil	Other than TNMC -Nil
-----------	----------------------
- Total Number of Speakers**

TNMC- 02	Other than TNMC -Nil
----------	----------------------
- Any Sponsorship by Pharmaceutical companies- Nil
- Organizing secretary / Team Satisfactory provides access & details of the session, speaker and participants sought by observer

Thanking you

**CME ON “UPDATES OF SURGERIES IN CHOLESTEATOMA”**

**Date: 19.09.2022**

**Venue: KIMS CME HALL**

**Total No. of Participants: 133**

**Total No. of Resource Persons: 07**

**Organized By: Department of ENT, KIMS & RC**

This is to inform that CME was conducted by Department of ENT on 19/9/2022 from 9 am to 3 pm.

Moderators:

- Prof Dr M.K.Siddhartharaj,
- Prof Dr R.Madhana Gopal.

Guest speakers:

- Prof Dr B.Sundararajan,
- Prof Dr M.K.Rajasekar HOD ENT Balaji Medical College,
- Major Dr Nirmal Kumar ICH .
- Prof Dr Balaganapathi, Radiologist KIMS & RC gave lectures on cholesteatoma.

133 members registered and attended the CME.

100 UG students participated. Around 10 PG students from other college attended the Afternoon session quiz competition and prize distribution was conducted.

Sponsorships – Nil

**AIMS AND OBJECTIVES ENDOMETRIAL CARCINOMA BEYOND THE BASIC**

**AIMS:**

To identify the risk factors causing endometrial carcinoma and treat it in multidisciplinary approach

**OBJECTIVES:**

To identify the risk factors causing endometrial carcinoma and treat it in multidisciplinary approach

Be able to diagnose and treat the endometrial carcinoma by learning about clinical features, investigations and its medical and surgical management

Identifying what advance radiotherapy techniques can be implemented in treating endometrial carcinoma

**Curriculum vitae**

Name : Dr. V. Balasundaram  
Mobile & e-mail I'd : 9840882856 & [drbalasundaramv@hotmail.com](mailto:drbalasundaramv@hotmail.com)  
Medical qualification UG : MBBS  
Period of study : August 1987 to December 1991  
Registration number : 52820 , TNMC , Chennai  
College : Thanjavur Medical College, Thanjavur  
Higher qualification PG : M.D in radiology  
Duration of course : April 1996 to march 1999  
College & University : Madras Medical College (MMC)  
Government General Hospital, Chennai &  
Dr. MGR Medical University, Chennai, Tamil Nadu, India

**Professional experience:-**

1. Senior Resident in Dept. of Radiology, JIPMER, A government of India institute, Puducherry. From August 1999 to October 2002. JIPMER is a multi speciality medical institute with research facilities with more than 1000 beds for in-patients
2. Specialist in Clinical Oncology in Department of Oncology, Hospital University Kebangsaan Malaysia (HUKM) ,  
Kualalumpur, Malaysia from 2003 to Feb 2005

**KARPAGA VINAYAGA INSTITUTE OF MEDICAL SCIENCES  
& RESEARCH CENTRE**

Ph.No. 044 7156 5100 – 299; E-mail: principal@kims.edu.in; Website: www.kims.edu.in

3. Presently working as Dept. Head and full time Consultant in Radiation Oncology at V.S Hospital, Chetpet , Chennai , Tamil Nadu from November 2005 onwards
4. Visiting consultant at Rela Hospital, Chrompet , Chennai

**International & National Conference attended:**

Attended several international and national and state level conference and published paper in journals

Dr.Kavitha Sukumar MD (OG) (Surg Onco)

UG and PG from Madras Medical College

Undergraduate, fellowship in Gynaec Oncology at TATA Memorial Hospital, Mumbai

Super specialisation in Surgical Oncology at Govt., Kilpauk Medical College

Currently Associate Professor of Surgical Oncology, IOG Course Director,

Post Doctor Fellowship programme in Gynaec oncology

**DR. CHANDRAMOWLESWARI**  
**MBBS, MD PATHOLOGY**

**Academic background:-**

ISN ANIO postdoctoral fellowships (Basic and advanced in 2022)  
FICP from Indian college of pathologists in 2021  
FRCP from RCP London in 2020  
MD pathology from madras medical college in 1996 ( TN MGR medical university)  
MBBS from Kilpauk medical college in 1996

**Affiliations**

Professor & HOD, Central Laboratory, TNGMSSH  
Secretary, TNPCIAPM  
Active member IAPM, TCS, IS RTP  
Peer reviewer in journal of clinical and diagnostic research and conduction of workshop

**Awards**

Best doctor award by guidance council 2022  
Best doctor award with special cash prize by the department of health and family welfare 2020  
Best performance doctor award by Tamil Nadu government 2019

**Experience**

20 years of undergraduate teaching experience. Experience in diagnostic – onco and Hematopathology, Nephropathology and Cytopathology  
Undergraduate and postgraduate examiner for the past 10 years. Speaker and moderator in various and international CME

50 national and international publications

G.S.T. ROAD, CHINNA KOLAMBAKKAM, MADHURANTHAGAM (TK), TAMIL NADU – 603 308  
Ph.No. 044 7156 5100 – 299; E-mail: principal@kims.edu.in; Website: www.kims.edu.in

### **TRAINING PROGRAMME IN MEDICAL LABORATORY - INTERNAL AUDIT & QUALITY MANAGEMENT SYSTEM (OMS)**

**Date:** 12<sup>th</sup> to 15<sup>th</sup> October 2022

**Venue:** KIMS CME HALL

**Time:** 9.30 AM to 5.30 PM on all four days.

**Total No. of Participants:** 47

**Organized by:** Dept. of Biochemistry, KIMS & RC

**Faculty for the training programme:**

Dr. V.K. Ramadesikan (12<sup>th</sup> and 13<sup>th</sup> October, 2022)

Dr. Mamta Soni (14 and 15<sup>th</sup> October 2022)

**Organizing Chairman:** Dr. Santhosh Viswan, Professor & Head of Biochemistry.

**Course Director:** Dr. Jatinder Bhatia, 360 Diagnostic & Health Service Pvt. Ltd.

The Department of Biochemistry, KIMS & RC, had conducted four days training programme in Medical Laboratory - Internal Audit & Quality Management system (QMS) in association with 360 HELP accredited by NBQP approved by QCI and accepted by NABL.

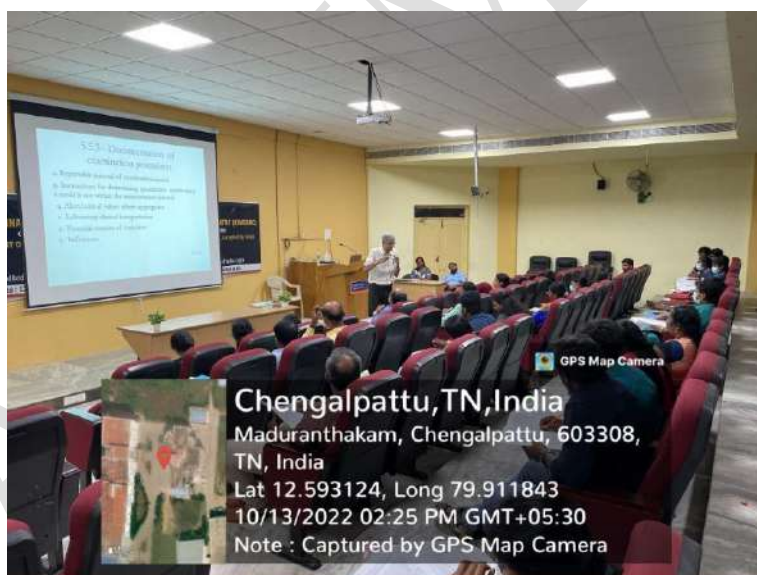

*Welcome Speech by Dr. Santhosh Viswan, Prof. & HOD, Dept. of Biochemistry*

### FEEDBACK FROM TRAINEES

#### General

Name of Trainee and Name of organisation	Dr. Neethu Varghese Chingalpathe Medical College
Qualification	M.D. Biochemistry
Training attended	QMS - IA in Medical Lab, ISO 15189:2012
Dates of Training	12-10-22, 13-10-22, 14-10-22, 15-10-22
Name of Accredited Training Provider	360 Help
Venue of Training (Address)	Karpaga Vinayaga Institute of Medical Sciences & Research Centre

#### Feedback

S. No.	Aspect	P/Avg./G (Poor/Average/Good)	Remarks with Example
1	Availability of adequate infrastructure in terms of:		
	a. Adequate seating capacity	Good	
	b. Study environment	G	
	c. Course & Study Material	G	
	d. Facilities (Projector/ Internet/ Lab/ Flip charts etc.)	G	
2	Whether training covered all aspects of Training Module prescribed by standard	G	
3	Whether the Training was focused on relevant subject	G	
4	Whether case study exercises conducted were relevant & useful	G	
5	Whether specific queries of participants during the training course/case study exercises/on other issues were addressed	G	
6	Whether the Test paper used for evaluation of trainees was relevant & did justice to the programme	G	

#### Rating to Training Programme in a scale of 5 (1-Poor, 5-Excellent) for

- Facilities, course material 5
- Quality, relevance & usefulness 5
- Usefulness of online modules 5
- Faculty

Dr. Ramadasigan	5
Dr. Manika Sani	4

#### If you are interested in any of the following training please mark 'yes'

- ✓ 1. Molecular biology
- 2. Flow cytometry
- 3. Immunohistochemistry
- ✓ 4. Genetics & Genomics

#### Conclusion

Positive points of Training and learning (3 points)	Negative points of Training, if any, and improvements suggested (3 points)

Signature of Trainee with Date

### QMS & IA in Medical Labs as per ISO 15189:2012

**1st Accredited Institute (360HELP) Accredited by NBQP**  
(National Accreditation Board for Quality Promotion)  
approved by QCI and accepted by NABL

Faculty	Trainings	Trained
40+ Lead Assessors	300+ Globally	10,000+ Medical Professionals

**Learning Objective :**

- Understand and interpret the requirement of ISO 15189:2012 & NABL 112.
- Develop and implement a system as per ISO 15189:2012 for Medical Laboratory.
- Plan, manage, implement and lead the internal audit of Medical Laboratory as per ISO 15189:2012.
- Identify the purpose and interaction of a quality management system covering both managerial and technical requirements.
- Improve the laboratory's operation and system.
- Prepare the medical Laboratory for the NABL accreditation in a structured way.

**Who Should Attend:**

- Pathologists, Microbiologists, Virologist, Biochemists
- Director/Laboratory Managers, Scientists, Engineers, Auditors, Assessors and Consultants
- Technicians working in clinical labs who follow quality protocols.

**Early Bird Offer Get 10% Discount**

<b>Delegate Fees (Per Participant)</b>	
Doctors	Rs. 13999/-
Non Dr./Student	Rs. 11999/-

**Organizing Committee**

**Secretary**  
Dr. V. Santhosh M.D.  
Professor and Head Department of Biochemistry  
Director of Laboratory Services  
Central Clinical Laboratory  
KIMS & RC, Maduranthakam, Tamil Nadu

**Registration Open (2022)**

**Date:**  
12th to 15th October 2022

**Venue:**  
Karpaga Vinayaga Institute of Medical Sciences and Research Centre,  
Maduranthakam, Tamil Nadu

### Program Schedule

Faculty : Dr. V.K. Ramadesikan (12<sup>th</sup> and 13<sup>th</sup> Oct, 2022) and Dr. Mamta Soni (14<sup>th</sup> and 15<sup>th</sup> Oct, 2022)

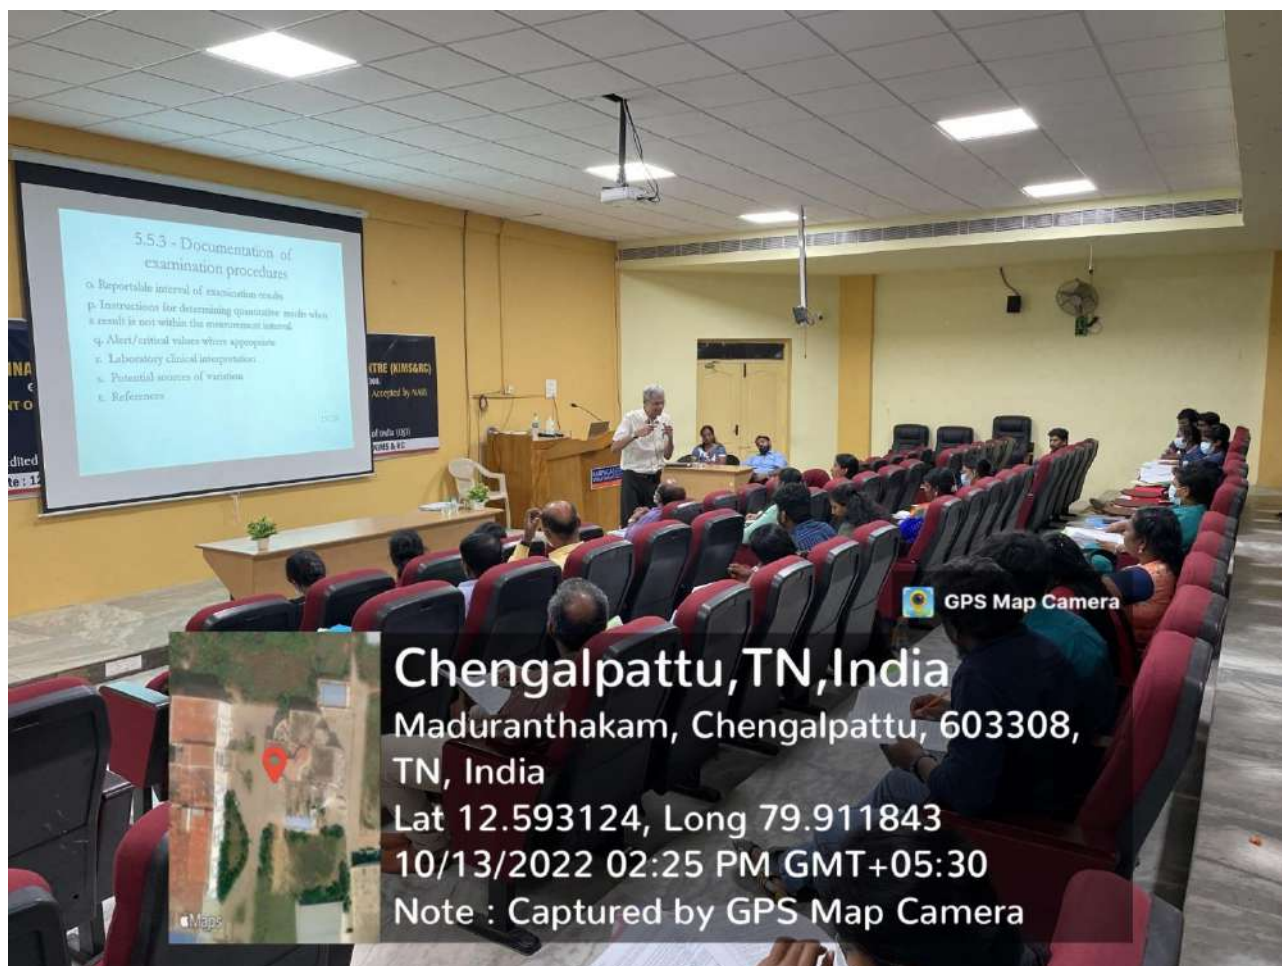

Time (Hrs.)	Lecture/ Activities
<b>DAY – I(12.10.22)</b>	
9.30 – 10.30	Registration and Introduction of the candidates
10.30 – 11.00	Introduction to the course, Aim and Objectives, Laboratory Accreditation International perspective & Quality system for laboratories
11.00 – 11.30	<b>Tea Break</b>
11.30 – 12.30	IS/ISO 15189 Accreditation criteria & their interpretations :- Management requirements
12.30	<b>Inaugural Function</b>
13.00 – 14.00	<b>Lunch Break</b>
14.00 – 15.30	IS/ISO 15189 Accreditation criteria & their interpretations :- Management requirements; <b>Continued</b>
15.30 – 16.00	<b>Tea Break</b>
16.00 – 17.00	Exercise No. – I : Identification of Clauses w.r.t. IS/ISO 15189
17.00-17.30	Discussion of exercise I
<b>DAY – II (13.10.22)</b>	
09.00 – 09.30	Review of Day – I
09.30 – 11.00	Study of IS/ISO 15189 : Technical Requirements
11.00 – 11.30	<b>Tea Break</b>
11.30 – 13.00	Study of IS/ISO 15189 : Technical Requirements; <b>Continued</b>
13.00 – 14.00	<b>Lunch Break</b>
14.00 – 15.30	Exercise No. – II : Identification of Clauses w.r.t. IS/ISO 15189
15.30 – 16.00	<b>Tea Break</b>
16.00 – 17.00	Discussion on : Exercise II
17.00 – 17.30	<b>Study of ISO 15189 and listing the QSP</b>
<b>DAY – III (14.10.22)</b>	
09.00 – 09.30	Review of Day – II
09.30 – 11.00	<ul style="list-style-type: none"> <li>Principles of Audit</li> <li>Types of Audit</li> <li>Audit Conduct</li> </ul>
11.00 – 11.30	<b>Tea Break</b>
11.30 – 12.00	Group Exercise to write Procedures
12.00 – 13.00	Presentation & Discussion on Procedures
13.00 – 14.00	<b>Lunch Break</b>
14.00 – 15.30	Brief on Evaluation of a Quality Manual for its Adequacy and how to write a QM
15.30 – 16.00	<b>Tea Break</b>
16.00 – 17.00	Mock Audit or Lab Visit
17.00-17.30	Role play & Group discussion on NC and corrective actions
<b>DAY –IV (15.10.22)</b>	
09.00 – 09.30	Review of Day – III
09.30 – 11.00	NABL Accreditation Program/ Route to Accreditation
11.00 – 11.30	<b>Q&amp;A</b>
11.30-1.30	Examination
1.30 -2.30	<b>Valedictory &amp; Lunch</b>
Day 4 will have two hrs of exam carrying 50 marks. Exam I Incidents for identifying clauses and classifying NC--- 20 Exam II writing a procedure-----15 Exam III MCQ-----15 You need to score 60 % to pass.

**CME ON “CARDIOLOGY FOR ANAESTHESIOLOGISTS”**

**DATE: 05.11.2022**

**VENUE: CME HALL**

**PARTICIPANTS: 60**

**ORGANIZED BY: Department of Anaesthesiology, KIMS & RC**

Resource Faculty For CME

Dr . M. Chenniappan  
Chairman, Managing Trustee of ECG & ECHO Club Of Trichy  
Cardiologist, Ramakrishna Hospitals, Trichy.

Dr. L. Muthumani  
Associate Professor of Medicine  
Govt KAPV Medical College, Trichy

Dr A. Kader Sahib  
Consultant, Interventional Cardiologist,  
Apollo Hospitals, Trichy.

Dr. V. Vignesh  
Consultant – Critical Care Medicine,  
Apollo Hospitals, Trichy

The CME intends to cover acute hypotension in the OR (with special emphasis on ECHO findings), bedside to advanced hemodynamic monitoring, patient cardiac risk assessment and perioperative arrhythmias. It will be especially useful for senior postgraduates and junior faculty, especially from anesthesiology, general medicine, emergency medicine and all surgical branches as well to understand and improve perioperative patient care.

We have invited an eminent team of cardiologists, anaesthesiologists and intensivists from Trichy ECHO club faculty including eminent cardiologist, Dr M. Chenniappan and his team as our resource persons.

### CARDIOLOGY FOR ANAESTHESIOLOGISTS Programme Schedule

08:30 am to 9:30 am

#### ACUTE HYPOTENSION Followed by PUMP

**PROF. DR. M. CHENNIAPPAN** MD.,DM., (Cardiology)  
Chairman, Managing Trustee of ECG & ECHO club of Trichy.  
Cardiologist – Ramakrishna Hospital, Trichy

9:30 am to 10:30 am

#### PIPE

**DR. L. MUTHUMANI** MBBS., MD., (Gen. Med.)  
Associate Professor of Medicine, KAPV Medical College, Trichy

10:45 am to 11:30 am

#### PAUCITY

**Dr. S. SRINIVAS** MBBS., MD (Gen. Med.)  
Consultant Physician - Vijaya Hospital, Trichy.

11:30 am to 12:30 pm

#### PUSHING TROUBLES

**Dr. A. KADER SAHIB** MD., DM (Cardio)  
Consultant Interventional Cardiologist, Apollo Hospital, Trichy.

01:30 pm to 02:30 pm

#### PATIENT PROFILING IN ICU (HAEMODYNAMIC MONITORING) BASICS & BEYOND

**Dr. V. VIGNESH** MBBS - DNB (Anesthesiology) DCCM, FCCM, FNB (Critical Care)  
Consultant - Critical Care Medicine, Apollo Hospital, Trichy.

02:30 pm to 05:30 pm

- BASICS OF PRE OPERATIVE EVALUATION – WHAT IS NEW ?
- BEYOND BASICS
- BAD RHYTHMS IN PERI OPERATIVE PERIOD - BE BOLD

**PROF. DR. M. CHENNIAPPAN** MD.,DM., (Cardiology)  
Chairman, Managing Trustee of ECG & ECHO club of Trichy.  
Cardiologist – Ramakrishna Hospital, Trichy

### KARPAGA VINAYAGA INSTITUTE OF MEDICAL SCIENCES & RESEARCH CENTRE

#### SCIENTIFIC SESSION

08:00 am to 08:30 am	:	<b>REGISTRATION</b>
08:30 am onwards	:	<b>Session 1: ACUTE HYPOTENSION</b> To discuss various causes, pathophysiology, differential diagnoses, investigations and the management protocols - whenever there is sudden significant drop in Blood Pressure
08:30 am to 9:30 am	:	<b>PUMP - By DR. M. CHENNIAPPAN</b> To discuss various Cardiac causes for Acute hypotension
9:30 am to 10:30 am	:	<b>PIPE - By DR. L. MUTHUMANI</b> To discuss various Vascular causes for Acute hypotension
10:30 am to 10:45 am	:	<b>TEA BREAK</b>
10:45 am to 11:30 am	:	<b>PAUCITY - By DR. S. SRINIVAS</b> To discuss hypovolemia as the cause for Acute hypotension
11:30 am to 12:30 pm	:	<b>PUSHING TROUBLES - By DR. A. KADER SAHIB</b> To discuss various obstructive causes for Acute hypotension
12:30 pm to 01:30 pm	:	<b>LUNCH BREAK</b>
01:30 pm to 02:30 pm	:	<b>PATIENT PROFILING IN ICU (HAEMODYNAMIC MONITORING) BASICS &amp; BEYOND - By DR. V. VIGNESH</b> To discuss various hemodynamic parameters & their estimations in bedside as well as using various advanced gadgets in the ICU and in the OT
02:30 pm to 03:30 pm	:	<b>BASICS OF PRE OPERATIVE EVALUATION – WHAT IS NEW ? By DR. M. CHENNIAPPAN</b> To discuss in detail about the pre operative evaluation of patients as per the latest guidelines released recently
03:30 pm to 03:45 pm	:	<b>TEA BREAK</b>
03:45 pm to 04:30 pm	:	<b>BEYOND BASICS - By DR. M. CHENNIAPPAN</b> A practical approach to Preoperative evaluation
04:30 pm to 05:30 pm	:	<b>BAD RHYTHMS IN PERI OPERATIVE PERIOD - BE BOLD By DR. M. CHENNIAPPAN</b> To discuss various possible perioperative cardiac arrhythmias and how to manage them confidently

### ABOUT THE CME

#### AIMS AND OBJECTIVES

For patients undergoing elective surgery, the most common cause of significant morbidity and mortality is occurrence of complications related to cardiac disease. The risk of a perioperative myocardial infarction is real, especially for those with previous coronary disease and those facing higher risk surgery.

During the past 10–20 years, the assessment of cardiac risk before surgery evolved a great deal. Initially, the focus was on appropriate identification of surgical procedures that carried high risk. The focus then shifted to identifying those patient factors associated with increased risk of cardiac complications during surgery.

Preoperative cardiovascular risk assessment requires a focused history and physical examination to identify signs and symptoms of ischemic heart disease, heart failure, and severe valvular disease.

Our aim is to simplify objective is to simplify cardiac assessment to decrease perioperative risk and to provide a practical approach to dealing with frequently seen cardiac complications, as per recent guidelines. To achieve this, we have invited an eminent team from TRICHY ECHO CLUB, comprising of cardiologists, anaesthesiologists and intensivists, and we are hopeful that it will benefit our delegates by increasing their confidence in dealing with any patient with cardiac issues.

#### FACULTY

##### PROF. DR. M. CHENNIAPPAN MD., DM., ( Cardiology )

Chairman, Managing Trustee of ECG & ECHO club of Trichy.  
Cardiologist – Ramakrishna Hospital, Trichy

##### DR. L. MUTHUMANI MBBS., MD., ( Gen.Med )

Associate Professor of Medicine, KAPV Medical College, Trichy.

##### Dr. S. SRINIVAS MBBS., MD ( Gen. Med )

Consultant Physician – Vijaya Hospital, Trichy.

##### Dr. A. KADER SAHIB MD., DM ( Cardio )

Consultant Interventional Cardiologist, Apollo Hospital, Trichy.

##### Dr. V. VIGNESH MBBS., DNB ( Anesthesia ) IDCCM., IFCCM., FNB ( Critical Care )

Consultant – Critical Care Medicine, Apollo Hospital, Trichy.

**CME ON “WORLD DIABETES DAY 2022”**

**DATE: 14.11.2022**

**VENUE: KIMS CME HALL**

**TOTAL NO. OF PARTICIPANTS: 57**

**TOTAL NO. OF RESOURCE PERSONS: 05**

**ORGANIZED BY: Department of Community Medicine, KIMS & RC**

**World Diabetes Day (WDD)** was created in 1991 by IDF and the World Health Organization in response to growing concerns about the escalating health threat posed by diabetes. World Diabetes Day became an official United Nations Day in 2006 with the passage of United Nation Resolution 61/225. It is marked every year on **14 November**, the birthday of Sir Frederick Banting, who co-discovered insulin along with Charles Best in 1922.

WDD is the world's largest diabetes awareness campaign reaching a global audience of over 1 billion people in more than 160 countries. The campaign draws attention to issues of paramount importance to the diabetes world and keeps diabetes firmly in the public and political spotlight.

The World Diabetes Day campaign aims to be the:

- Platform to promote IDF advocacy efforts throughout the year.
- Global driver to promote the importance of taking coordinated and concerted actions to confront diabetes as a critical global health issue

The campaign is represented by a blue circle logo that was adopted in 2007 after the passage of the UN Resolution on diabetes. The blue circle is the global symbol for diabetes awareness. It signifies the unity of the global diabetes community in response to the diabetes epidemic.

We the Department of Community Medicine, KIMS&RC conducted a CME on November 14 2022. The theme for this year is **“education to protect tomorrow”**.

The program started with a welcome address by Dr. Prasan Norman

This was followed by Dr. Thirunaaukarasu Professor & Head Dept. of Community Medicine who spoke in detail about Preventive Lifestyle in Diabetes.

He spoke in detail about the types of Dm, statistics, Risk factors, life style management and foot care.

**KARPAGA VINAYAGA INSTITUTE OF MEDICAL SCIENCES  
& RESEARCH CENTRE**

G.S.T. ROAD, CHINNA KOLAMBAKKAM, MADHURANTHAGAM (TK), TAMIL NADU – 603 308  
Ph.No. 044 7156 5100 – 299; E-mail: principal@kims.edu.in; Website: www.kims.edu.in

His talk was followed by Dr. Mahesh, J Reader, Department of Community Dentistry. He spoke about Diabetes and Oral Health-Myths and Facts. His talk was about the common oral Problems in diabetic patients. He stressed that Inter professional collaboration and integration of patient centered care will improve general health, wellbeing and quality of life among diabetes patient.

After a small break Dr. Sunitha M Professor, Department of Medical and Surgical nursing gave her talk about Nursing Perspectives : Prevention and Management of Diabetes Mellitus.

After lunch Dr. Prasan Norman spoke about Recent Initiatives under NPCDCS. He explained in detail about the recent joint venture of Tuberculosis and DM and about the mile stones of NPCDCS.

The highlights of the day were three

1. Healthy Me Pledge- where all the participants took a pledge to have an active, sugar free life style
2. Students participated in an app “PACER” which could be downloaded from the google app store. All were encouraged to walk a minimum of 10,000 steps a day.
3. The smallest step at the right time, in the right direction, an open form discussion which was headed by Prof. Geetha, where the students actively participated.

**CME ON "AMR - SPREAD AWARENESS STOP RESISTANCE"**

**Date: 29.11.2022**

**Venue: KIMS CME HALL**

**Total No. of Participants: 125**

**Total No. of Resource Person: 05**

**Organized by: Department of Microbiology, KIMS & RC**

Department of Clinical Microbiology, KIMS&RC organized CME on” **AMR Spread Awareness Stop Resistance** on 29.11.23 – (Preventing Antimicrobial awareness together) in view of Antimicrobial awareness week - 2022 from 8.30AM – 3.30PM at CME Hall, Lecture Hall Complex, Karpaga Vinayaga Institute of Medical Sciences & Research Centre.

The programme flagged off at 8.30AM CME registration till 8.45AM and & pretest started at 8.45am – 9.00am. Dr. S.Dhanapaul, Professor & Head of Clinical Microbiology, KIMS&RC. He gave a Welcome address & briefed the importance of AMR.

The first speaker Dr. Balan.K, Professor Department of Clinical Microbiology, gave a talk on “**KNow Antibiotics**”. The talk comprised about the classification of antibiotics, mechanism of action and mechanism of drug resistance.

The 2<sup>nd</sup> speaker Dr. Abirami Lakshmy, Associate Professor, spoken on Antimicrobial resistance: An overview. In this session the global and Indian scenario of antibiotic resistance,WHO classification of drug resistant pathogens were briefly discussed.

The 3<sup>rd</sup> Speaker Antimicrobial resistance in gram positive organisms Dr. T. Sabarinathan, Associate Professor, Dept of Clinical Microbiology, KIMS&RC delivered a talk on Antimicrobial resistance in gram positive organisms followed by Dr. Meera on Antimicrobial resistance in gram negative progression. The objective of the CME was to sensitize the participants of the significance of global threat of Antimicrobial resistance.

The last session is followed by scientific discussion by undergraduates & postgraduates posttest, feedback & Vote of thanks.

**VENUE: Lecture Hall Complex, KIMS & RC**

**TOTAL NO. OF PARTICIPANTS: 45**

**TOTAL NO. OF RESOURCE PERSONS: 08**

**ORGANIZED BY: Karpaga Vinayaga Unit of the International Chair in Bioethics & Department of Education, Indian Program of the International Chair in Bioethics.**

The Karpaga Vinayaga Bioethics Unit of the International Chair in Bioethics, conducted the “3T – IBHSc Course for Health Sciences Faculty - The Indian Program of the International Chair in Bioethics” at KIMS & RC from 1<sup>st</sup> to 3<sup>rd</sup> December 2022.

Eight trained and accredited training faculty representing the Indian Program of the International Chair in Bioethics were the Resource Faculty at the workshop and trained the participants. The faculty included Dr. Russell D Souza, Director, Department of Education; Dr. Princy Palatty, Professor & Head, Department of Pharmacology, AIMS Kochi; Dr. (Col) Derek D Souza, Director, Dr. DY Patil Vidyapeeth Pune; Dr. Sreenivas M, Director Professor & Head, Department of FMT MAMC Delhi; Dr. Vivek Mady, Consultant Gynaecologist and Expert Health Law; Dr. Navin Rajaratnam, Karpaga Vinayaga Medical College, Chennai; Dr. Praveen Arora, Professor & Head, Sri Aurobindo Med College, Indore; Dr. V.P. Karthik, SRMC- Chennai.

The 3T – IBHSc Course for Health Sciences Faculty had an inaugural program in which Dr. Sufala Sunil Vishwasrao, Principal and Head of the Bioethics Unit of KIMS & RC, welcomed the dignitaries and they were honoured with mementos. The guest of honour, Dr. Russell D Souza, Director, Department of Education, addressed the gathering. The keynote address was delivered by the chief guest Dr. Ved Prakash Mishra, National Head of the Academic Program, Indian Program of the International Chair in Bioethics and Pro-Chancellor, Institute of Medical Sciences. The vote of thanks was delivered by Dr. Navin Rajaratnam, Secretary, Bioethics Unit of KIMS & RC.

There were 37 participants from Karpaga Vinayaga Institute of Medical Sciences & Research Centre and 8 participants from Karpaga Vinayaga Institute of Dental Sciences. The workshop was conducted for 3 days in the lecture hall complex and saw active and enthusiastic participation.

Certificates were awarded to the participants on successful completion of the program. Tree sapling plantation was organized during the valedictory function on 3<sup>rd</sup> December 2023 in our college's organic garden and the faculty along with the Student Wing Members planted trees in the garden. Tamil Nadu Medical Council credit hours were awarded to all the participants.

### DAY 1

#### BASIC CONCEPTS-Part I &

#### TEACHING THE APPLICATION OF HEALTH CARE ETHICS IN CLINICAL PRACTICE

TIME	TOPIC	FACULTY
8.30 AM	Registration at Venue	1
9.00 AM		
9.00 AM	Overview of The 3T-IBHSc Faculty Development Course	Dr Princy Palatty
9.15 AM	Icebreaking	2
9.15 AM	Introduction to the Principles of Bioethics and Medical Ethics	Dr Princy Palatty
10.15 AM	A short review of the history highlighting the development of the principles of bioethics and medical ethics in the field of clinical healthcare practice. Significant milestones that helped to define the considerations that guide modern medical ethics will be presented. Principles of the UNESCO Declaration Bioethics and Human Rights 2005 and The UNESCO Core curriculum & its role in redefining the practice of healthcare in an ethical manner This UNESCO Bioethics Core Curriculum can provide an incentive to start introducing such teaching. Its contents are based on the principles adopted by UNESCO.	Dr Praveen Arora 3

**INDUSTRY ACADEMIA COLLABORATIVE AWARENESS EVENT**

**DATE: 16.12.2022**

**VENUE: KIMS CME HALL**

**TOTAL NO. OF PARTICIPANTS: 300**

**TOTAL NO. OF RESOURCE PERSONS: 07**

**ORGANIZED BY: Karpaga Vinayaga Institute of Medical Sciences & Research Centre, Madhuranthagam**

A unique Industry Academia Collaborative Awareness program was conducted at Madurathangam on 16.12.2022 at Karpaga Vinayaga Institute of Medical Sciences & Research Centre, sponsored by MNC Flextronics, in association with TICEL Biopark, Tamil Nadu Smart and Advanced Manufacturing Center (TANSAM) - powered by Seimens and an NGO, Women's League Foundation.

Dr. Sufala Sunil Vishwasrao (Principal, Karpaga Vinayaga Institute of Medical Sciences & Research Centre), Mr. P. Kasinatha Pandian (Principal, Karpaga Vinayaga College of Engineering & Technology), Mr. P Poongumaran (MD, TICEL Bio Park), Dr. S Priya, (Associate Vice President - Biotech, Pharma & Medtech), Mr. Dhinesh Raj (Senior Manager – Government Affairs, Flex India) and Mrs. Divya Swapna Raj (Founder - Women's League Foundation) participated in the event along with their team members.

Dr. Ramula (HOD of Surgery) gave a Special talk on Breast cancer awareness, following which Mrs. DivyaSwapna Raj spoke about violence against women and children and created awareness on various measures which can be done to prevent them. The participants were encouraged to take an Online Oath on supporting this effort, followed by Signature campaign at the college premises.

Dr. S. Priya, TIDCO explained the applications of Virtual reality in the Medical field and how TANSAM has expertise in creating such VR Enabled Simulation products for Healthcare. A video on Breast Cancer awareness from TANSAM was shown at the event. Post which, separate sessions were conducted on VR enabled Interactive Self-breast examination and Breast cancer awareness were demonstrated to the Medical, Nursing and Engineering students.

Finally field activity was conducted at Pulipakkam and its surrounding villages. The villagers were gathered at a place and Mrs. Divya and team members gave an awareness speech on upliftment of villagers, and prevention of violence against women and children. Oath taking and Signature campaigns for prevention of violence against women and children were undertaken along with the villagers.

**CME ON “INDIA TOWARDS SUSTAINABLE DEVELOPMENTAL GOALS”**

**DATE: 07.12.2022**

**VENUE:KIMS CME HALL & KIMS SKILL LAB**

**TOTAL NO. OF PARTICIPANTS: 59**

**TOTAL NO. OF RESOURCE PERSONS: 07**

**ORGANIZED BY: Department of Community Medicine, KIMS & RC**

India, home to one-sixth of all humanity, holds the key to the success of the 2030 Agenda. India in its second VNR has made a paradigm shift to a “whole-of-society” approach with Government of India engaging sub-national and local governments, civil society organizations, local communities, people in vulnerable situations and the private sector.

India’s commitment to the SDGs is reflected in its convergence with the national development agenda as reflected in the motto of Sabka Saath Sabka Vikaas (Collective Efforts for Inclusive Growth). Based on the evidence from the SDG India Index, which measures progress at the subnational level, the country has developed a robust SDG localization model centered on adoption, implementation and monitoring at the State and district levels.

In 2015, the United Nations established the 2030 Agenda for Sustainable Development with 17 identified SDGs to help UN member states achieve inclusive, people-centred and holistic development together. The NITI Aayog launched the first edition of its index in 2018 to monitor the country’s progress on the goals through data-driven assessment, and to encourage the States and Union Territories in achieving them.

With one-third of the journey towards achieving the 2030 Agenda already over, the latest edition of the SDG India Index focuses on the role and significance of partnerships in this initiative. “The report reflects on the partnerships we have built and strengthened during our SDG efforts. The narrative throws light on how collaborative initiatives can result in better outcomes and greater impacts”, explains NITI Aayog CEO, Shri Amitabh Kant on how working together will ensure success over the next decade.

Taking the above into account the Department of Community Medicine KIMS& RC organised a CME on India Towards Sustainable Developmental Goals on 7<sup>th</sup> December 2022.

Over all opinion about the program was satisfactory and it was conducted following ethics norms it also had desired academic value.

Organizing secretary / Team satisfactory provides access & details of the session, speakers and participants sought by observer.

**FUNCTION ON CME ON STRESS 2022**

The function was celebrated in a grand manner at 8:30 am in the CME hall. All the internal dignitaries, faculty, students attended the function and played their role in making the event successful. Dr. Sufala sunil Vishwasrao, Principal in her opening address expressed that one's health condition always remains in their own hands and that it depends on the food we take and exercise we do, yoga is the best way to maintain one's health conditions and that if we want to have a healthy mind we should have a healthy body and the practice of yoga is one of the best method to maintain a clean body and mind as well.

Dr. Jaya Professor, Department of Physiology, shared that the students these days are tending towards

**INDIAN RESUSCITATION COUNCIL FEDERATION (IRCF) BCLS WORKSHOP**

**DATE: 15<sup>th</sup> to 17<sup>th</sup> Dec 2022**

**VENUE: KIMS CME HALL & KIMS SKILL LAB**

**TOTAL NO. OF PARTICIPANTS: 33**

**TOTAL NO. OF RESOURCE PERSONS: 07**

**ORGANIZED BY: KIMS SKILL LAB – KVCRTC (Karpaga Vinayaga Comprehensive Resuscitation Training Centre) IRCF (Indian Resuscitation Council Federation) Accredited Training Centre**

Indian Resuscitation Council Federation (IRCF) is an initiative by the Indian society of Anesthesiologists to promote accurate and scientific resuscitation training according to guidelines.

Cardio Pulmonary resuscitation involves development of skills to resuscitate victims of sudden cardiac arrest which accounts for more than 60% of sudden cardiac arrest.

**BCLS INSTRUCTOR WORKSHOP**

***EVERY CITIZEN – A LIFESAVER***

***EVERY MEDICAL COLLEGE – A CRTC***

**DATE: 17.12.2022**

**VENUE: KIMS CME HALL & KIMS SKILL LAB**

**TOTAL NO. OF PARTICIPANTS: 33**

**TOTAL NO. OF RESOURCE PERSONS: 07**

**ORGANIZED BY: KIMS SKILL LAB – KVCRTC (Karpaga Vinayaga Comprehensive Resuscitation Training Centre) IRCF (Indian Resuscitation Council Federation) Accredited Training Centre**

The Indian Resuscitation Council Federation (IRCF) has developed guidelines to train the public in COLS, the health care workers in BCLS and CCLS so that victims of sudden cardiac arrest outside the hospital or within the hospital can be resuscitated.

The aim of this workshop to train Doctors/ Post Graduate /Staff Nurses and all healthcare workers in IRCF-BCLS/CCLS/COLS Courses through TOT workshops.

**CME ON “RESEARCH PROTOCOL WRITING”**

**DATE: 06.01.2023**

**VENUE: CME HALL**

**TOTAL NO. OF PARTICIPANTS: 25**

**TOTAL NO. OF RESOURCE PERSONS: NIL**

**SPEAKERS: Dr. Geetha, Professor – Dept. of Community Medicine  
Dr. Santhosh Viswan, HOD – Dept. of Biochemistry**

**ORGANIZED BY: Dr. S. Sujatha, Professor – Dept. of General Medicine, MEU Coordinator**

The Medical Educational Unit, KIMS&RC organized CME on “Research Protocol Writing for the Faculties” on 6<sup>th</sup> January 2023 (Friday) from 12.00 pm -1.00 pm at CME Hall, Lecture Hall Complex, Karpaga Vinayaga Institute of Medical Sciences & Research Centre. This sensitization programme was arranged by MEU along with Department of Community Medicine. Two speakers were selected for presentation of two topics.

1. Dr. Geetha, Professor – Dept. of Community Medicine  
Chair Person – Scientific Committee – KIMS & RC
  2. Dr. Santhosh Viswan, HOD – Dept. of Biochemistry  
Chair Person – Institutional Ethics Committee – KIMS & RC
- Dr. Sujatha, MEU Coordinator welcomed the faculties and the speakers for this session.
  - Dr. Geetha highlighted the overall pitfalls in Protocol writing by the Post Graduates and addressed how such ones can be avoided.
  - Dr. Santhosh gave a lecture on “National Ethical Guidelines for Biomedical & Health Research Involving Human Participant”
  - The salient features include:
    - a. Constitution of Institutional Ethics Committee
    - b. Standard operation procedure
    - c. Informed consent
  - Dr. Thirunaaukarasu, Professor & HOD of Community Medicine gave vote of thanks and announced that Department of Community Medicine is arranging for a Research Protocol Writing Programme for First Year Post Graduates on 27.01.2023 and 28.01.2023. The first sensitization of the Post Graduates.

**CME ON “LEPROSY – RECOGNITION TO RESOLUTION”**

**Date: 15.02.2023**

**Venue: KIMS CME HALL**

**Total No. of Participants: 30**

**Total No. of Resource Persons: 05**

**Organized By: DEPARTMENT OF DERMATOLOGY, VENEREOLOGY AND LEPROSY, KIMS & RC**

**LEPROSY FORTNIGHT CELEBRATIONS – ORGANIZED BY DEPARTMENT OF DVL, KIMS & RC**

Leprosy fortnight is an annual event celebrated from January 30 to February 13. The Department of DVL KIMS & RC organized leprosy fortnight programme this year. The events were conducted with the aims of creating awareness among the community regarding the disease so as to avoid associated stigma and to promote early diagnosis.

The events began on January 30 with the leprosy oath taking ceremony, conducted in the Department demonstration hall, where patients, staff members and students took an oath to work towards elimination of leprosy and creating a stigma free supportive environment for leprosy patients.

Following this, on February 07 a medical camp was conducted in association with the CLTRI, Chengalpattu at the community hall. The medical camp was well attended and many people came forward to get themselves checked. Staff members and postgraduate students in the medical team provided necessary treatment and counseling to them.

In addition, a CME was conducted on the topic "Leprosy- recognition to resolution" in the CME hall of KIMS & RC. Department heads from CLTRI, Chengalpattu and Head of the Pathology department of KIMS & RC were the speakers. Targeted audience were the UG and PG medical students of KIMS & RC and faculties. The CME was well attended and highlighted the multidisciplinary approach to leprosy care.

Overall, these events brought together patients, medical professionals and the community to work towards the elimination of leprosy.

**WORKSHOP ON “PEARLS OF GOOD CLINICAL PRACTICE”**

**Date: 21.02.2023**

**Venue: CME HALL**

**Total No. of Participants: 82**

**Total No. of Resource Persons: 03**

**Organized By:** Department of Pharmacology and Medical Education Unit, KIMS & RC

**Organizing Committee:** Dr. Sanu Sain, Asst. Prof., Dept. of Pharmacology  
Dr. Sangeetha V C, Asst. Prof., Dept. of Pharmacology

**Postgraduates:** Dr. Chandran Geetha  
Dr. Polillan G R  
Dr. Suganya R  
Dr. Shaki S

The Department of Pharmacology organized a Workshop on “**PEARLS OF GOOD CLINICAL PRACTICE**” on 21.02.2023 at CME HALL, KIMS & RC between 8:30 am to 3:30 pm observed by Dr Ramula M.S., Prof.& HOD, Dept. of General Surgery.

Event started with the Tamilthaai Vaazhthu and lighting of Kuthu Vilakku followed by welcome address by our Prof & HOD, Dept. of Pharmacology Dr. M. Pushpam M.D., Total participants for Workshop was 82 delegates and 3 speakers.

The session started with our first speaker **Dr. R.Arun Kumar M.D., Ph.D., Vice Principal, Prof & HOD, Dept. of Pharmacology, Chettinad Hospital & Research Institute on Research Ethics**. He specified voluminous history of GCP that lead to the current GCP guidelines and engaged the audience with his enthusiastic oration. He was honoured by Dr SanthaParthiban Prof & HOD –Dept of Anaesthesia followed by Dr. M. Pushpam, Prof & HOD, Dept of Pharmacology & Prof Dr. B. Prathap.

After a short tea and snacks break we moved to next session of the day, **Roles & Responsibilities of the Institution Ethics Committee by Dr. Vedantha Srinivas. J M.D., Senior Medical Officer – Clinical Research, SRM Institutes for Medical Science (SIMS)- Chennai**.

He gave a detailed lecture on the topic which was very useful for the participants. He has also highlighted on the NDCT rules 2019 that was recently updated and sensitized the delegates. Dr. Muniappan, Prof & HOD, Dept. of Anatomy honoured him.

The last session of the day by **Dr. E. Rajalakshmi M.D.,(Siddha), MSc.,(Epid), Consultant II(BCBR)ICMR – NIE Chennai, on Informed Consent**. The session was much fruitful for the delegates especially postgraduates for their research proposal of thesis and future publication.

She has also given hands on training on the same after the lunch session in which the delegates readily participated and presented their Informed consent submitted for their thesis proposal and got clarified on their doubts. She was honoured by Dr. M. Pushpam, Prof & HOD, Dept. of Pharmacology Dr. Sunil M Vishwasrao, Associate Professor, Dr. Sanu Sain, Assistant Professor Dept. of Pharmacology.

Workshop ended with a vote of thanks given by Dr. V. C. Sangeetha M.D., Assistant Professor, Dept. of Pharmacology.

### WORLD OBESITY DAY COMMOREATIVE GUEST LECTURE ON CHANGING PERSPECTIVE

**Date: 10.03.2023**

**Venue: KIMS CME HALL**

**Total No. of Participants: 200**

**Total No. of Resource Persons: 01**  
(Dr.PreethiMrinalini)

Guest Speaker: Dr. Preethi M.S, F.M.B.S. Bariatric Surgeon, Appollo Hospitals, Chennai.

**Organized By: Department of General Surgery, KIMS & RC**

This programme was conducted in view of teaching awareness about obesity and its complications in day to day activities. Around 200 members including health care workers, Allied health sciences, MNA, Staff nurses attended the program.

### WORLD WATER DAY

### CME ON “ACCELERATING CHANGE”

**Date: 22.03.2023**

**Venue: KIMS CME HALL**

**Total No. of Participants: 130**

**Total No. of Resource Persons: 02**

**Organized By: INTERNAL QUALITY ASSURANCE CELL, KIMS & RC**

“Water is life’s matter and matrix, mother and medium. There is no life without water”. Keeping this in mind the CME program was started. The students were acknowledged with the importance and necessity of water for future in an entertaining and engaging way.

#### **Events of the day**

The CME program happened on 22 March 2023, Wednesday, from 10.30 am to 12.30 pm, based on the theme "Accelerating Change". The programme commenced with TamizhThaaiVaalthu, followed by the welcome address by Niranjan.

The quiz prepared and resented by Manirathinam was an absolute ice breaker that encouraged active participation from the batch. The following sessions were nothing less than a cultural treat including poem recitar, photography contest, memes, reels, short film, poster presentation and paintings display. All based on the theme "Save Water". The whole program was graced by the presence of Dr. Shantha ma'am and Dr. Sumithra ma'am. Then there was a surprise dance performance by the girls of the batch, without which the programme wouldn't be a real entertaining one. The vote of the thanks was delivered by Dharshini. The national anthem followed that, making the end of the CME conducted by the IQAC, KIMS&RC.

Quiz session with Judge Dr.Sumithra ma'am encouraging the participants.

**CME ON “UPDATES IN TUBERCULOSIS – 2023”**

**Date: 28.03.2023**

**Venue: KIMS CME HALL**

**Total No. of Participants: 230**

**Total No. of Resource Persons: 08**

**Organized By: Department OF Pulmonary Medicine, KIMS & RC**

CME on ‘Updates in Tuberculosis 2023’ was conducted by Pulmonary Medicine Department on 28th March 2023 in which speakers from various institutions and departments delivered their speech on the updates in recent aspects of tuberculosis following which a quiz was held for the final year MBBS students and were awarded for their achievements.

The poster is for a CME event titled "UPDATES IN TUBERCULOSIS -2023" organized by the Department of Respiratory Medicine at Karpaga Vinayaga Institute of Medical Sciences and Research Centre. It is held on the eve of World TB Day. The event is patronized by Dr. Annamalai Regupathy, Managing Director of KIMS. Co-patrons are Dr. Sufala Sunil Vishwasrao (Principal, KIMS), Dr. M. Kannaki (Medical Superintendent, KIMS), Dr. Duraipandiyar (Vice Principal, KIMS), and Dr. S. Sathiyarayanan (Medical Director, KIMS). The organizing team includes Dr. A. Chitrakumar, Dr. Aruna Shanmuganathan, Dr. Lavanya S.V., Dr. Vaishnavi.N, Dr. J. Sam Selva Shruthi, Dr. Rohita, and Dr. Chandra Kumar.M. The event is scheduled for 28/03/2023, Tuesday, from 8.30 AM to 4.30 PM at the CME Hall.

**Organized by: Department of General Surgery, KIMS & RC**

**APPLIED ANATOMY OF STOMACH (Dr. SowjanyaBandlamudi MD)**

Gastric pain is felt in the epigastrium because the stomach is supplied from segments T6 to T9 of the spinal cord, which also supply the upper part of the abdominal wall. Pain is produced either by spasm of muscle, or by overdistension. Ulcer pain is attributed to local spasm due to irritation.

- *Peptic ulcer* can occur in the sites of pepsin and hydrochloric acid, namely the stomach, first part of duodenum, lower end of oesophagus and Meckel's diverticulum. It is common in blood group 'O'. *Gastric ulcer* occurs typically along the lesser curvature.
- *Gastric carcinoma* is common and occurs along the greater curvature. On this account, the lymphatic drainage of stomach assumes importance. Metastasis can occur through the thoracic duct to the left supraclavicular lymph node (Troisier's sign). These lymph nodes are called 'signal nodes'. It is common in blood group 'A'.
- *Pyloric obstruction* can be congenital or acquired. It causes visible peristalsis in the epigastrium and vomiting after meals (thin and long).
- *Hyposthenic stomach* is (long and narrow) more prone for gastric ulcer, while hypersthenic stomach is prone for duodenal ulcer (short and broad).

## **KARPAGA VINAYAGA INSTITUTE OF MEDICAL SCIENCES & RESEARCH CENTRE**

G.S.T. ROAD, CHINNA KOLAMBAKKAM, MADHURANTHAGAM (TK), TAMIL NADU – 603 308  
Ph.No. 044 7156 5100 – 299; E-mail: principal@kims.edu.in; Website: www.kims.edu.in

### **PHYSIOLOGY OF STOMACH (Dr.A.Anita MD, DCH)**

The stomach mechanically breaks up ingested food and, together with the actions of acid and pepsin, forms chyme that passes into the duodenum. In contrast with the acidic environment of the stomach, the environment of the duodenum is alkaline, due to the secretion of bicarbonate ions

from both the pancreas and the duodenum. This neutralises the acid chyme and adjusts the luminal osmolarity to approximately that of plasma. Endocrine cells in the duodenum produce cholecystokinin, which stimulates the pancreas to produce trypsin and the gall bladder to contract. Secretin is also produced by the endocrine cells of the duodenum. This hormone inhibits gastric acid secretion and promotes production of bicarbonate by the pancreas.

### **RADIOLOGICAL INVESTIGATIONS OF CANCER STOMACH**

(Dr.Harshavardana MDRD DNB)

Modern surgical treatment of cancer requires an understanding of tumour staging systems, as in many instances the tumour stage will define appropriate management. The development of stage-dependent treatment protocols involving neoadjuvant chemotherapy and preoperative radiotherapy relies on the ability of imaging to determine stage accurately before surgical and pathological staging. Once a diagnosis of cancer has been established, often by percutaneous or endoscopic biopsy, new imaging techniques can considerably improve the ability to define the extent of tumour, although the pathological specimen remains the 'gold standard'. Many staging systems are based on the tumour–node–metastasis (TNM) classification. In most published studies, cross-sectional imaging techniques (CT, ultrasound, MRI) are more accurate in staging advanced (T3, T4) than early (T1, T2) diseases, and the staging of early disease remains a challenge. In gut tumours, endoscopic ultrasound is more accurate than CT or MRI in the local staging of early disease (T1 and T2) by virtue of its ability to demonstrate the layered structure of the bowel wall and the depth of tumour penetration.

### **SURGICAL MANAGEMENT OF CARCINOMA STOMACH(Dr.Premkumar MS)**

It is important that patients with incurable disease are not subjected to radical surgery that cannot help them, hence the value of CT/PET and preoperative laparoscopy. Unequivocal evidence of incurability is haematogenous metastases, involvement of the distant peritoneum, N4 nodal disease and disease beyond the N4 nodes, and fixation to structure that cannot be removed. It is important to note that involvement of another organ per se does not imply incurability, provided that it can be removed. Controversies with respect to operability include N3 nodal involvement and involvement of the adjacent peritoneum, performed in Japan but seldom elsewhere. Curative resection should be considered on the remaining patients. Most operable patients should have neoadjuvant chemotherapy to improve survival.

### **RECENT ADVANCES IN CANCER STOMACH (Dr.Venkatachalam MS MCH)**

Systemic chemotherapy, radiotherapy, surgery, immunotherapy, and targeted therapy all have proven efficacy in gastric adenocarcinoma; therefore, multidisciplinary treatment is paramount to treatment selection. Triplet chemotherapy for resectable gastric cancer is now accepted and could represent a plateau of standard cytotoxic chemotherapy for localized disease. Classification of gastric cancer based on molecular subtypes is providing an opportunity for personalized therapy. Biomarkers, in particular microsatellite instability (MSI), programmed cell death ligand 1 (PD-L1), human epidermal growth factor

**KARPAGA VINAYAGA INSTITUTE OF MEDICAL SCIENCES  
& RESEARCH CENTRE**

receptor 2 (HER2), tumor mutation burden, and Epstein-Barr virus, are increasingly driving systemic therapy approaches and allowing for the identification of populations most likely to benefit from immunotherapy and targeted therapy. Significant research opportunities remain for the less differentiated histologic subtypes of gastric adenocarcinoma and those without markers of immunotherapy activity.

**“WORLD BIPOLAR DAY”**

**Date: 30.03.2023**

**Venue: Demonstration Hall  
Dept. of Psychiatry**

**Total No. of Participants: 25**

**Total No. of Resource Persons: 07**

**Organized By: Department of Psychiatry, KIMS & RC**

Bipolar Day is celebrated on March 30th every year to increase awareness and understanding about bipolar disorder, also known as manic depression. This day aims to promote education, support, and advocacy for individuals living with bipolar disorder and their families.

**EVENT OF THE DAY**

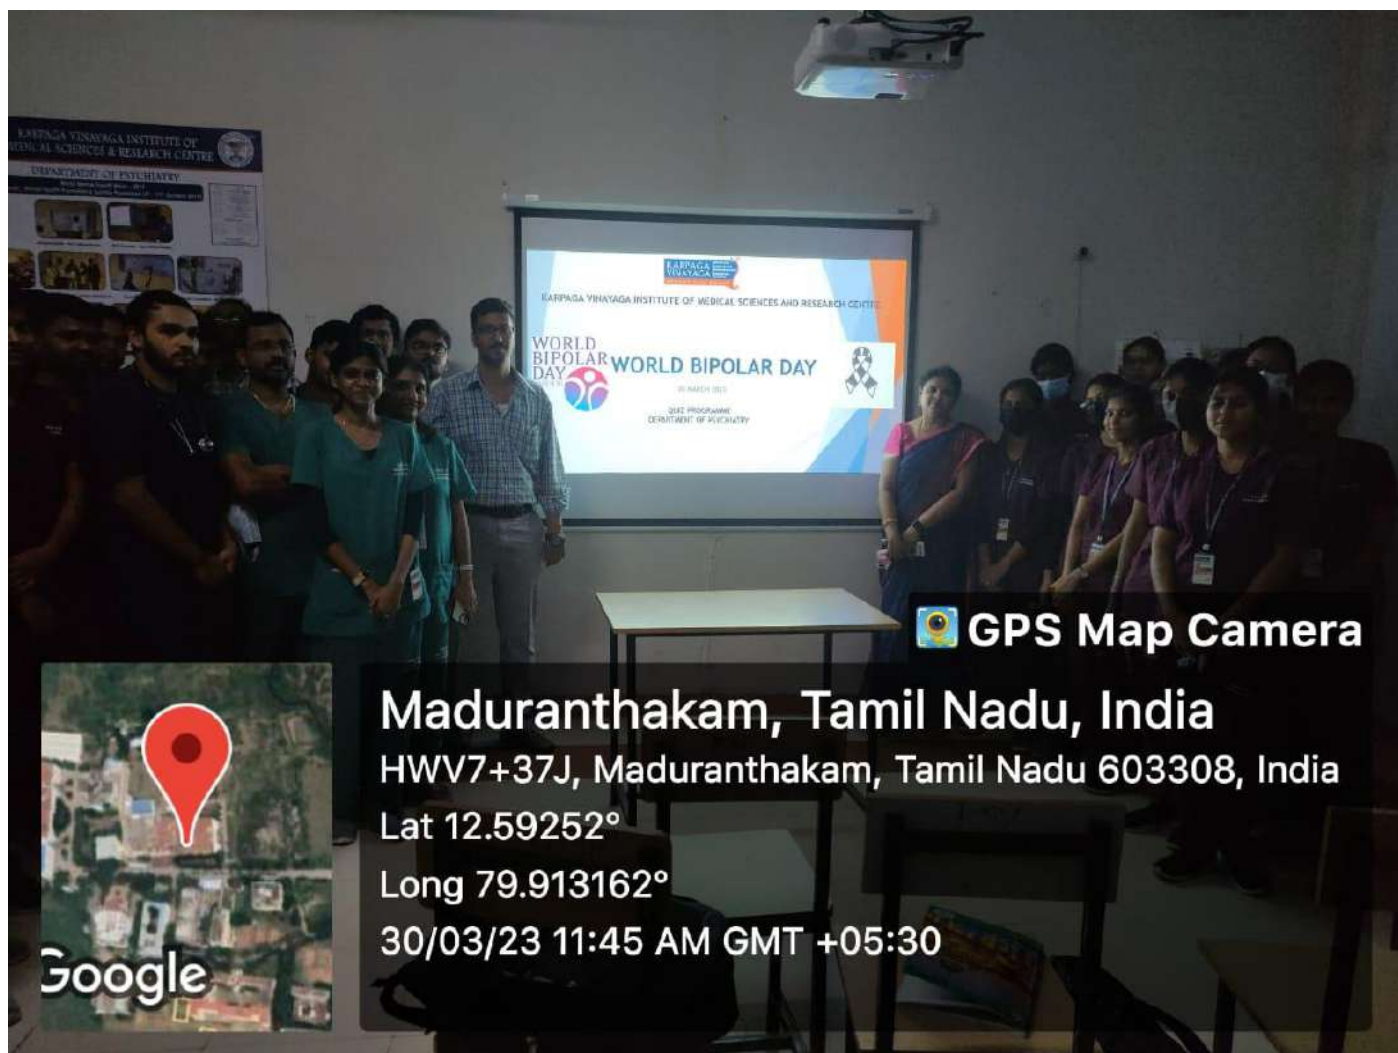

A quiz programme was conducted for UGs and PGs on 30<sup>th</sup> March 2023, from 10.30am to 11.30am, based on the theme of “BIPOLAR TOGETHER”. The quiz was prepared and conducted by Dr Sumithradevi S and Dr Usaid S. This programme provides an opportunity to educate the students about the signs, symptoms, and treatment options available for bipolar disorder.

**“WORLD AUTISM AWARENESS DAY”**

**Date: 02.04.2023**

**Venue: Demonstration Hall,  
Dept. of Psychaitry**

**Total No. of Participants: 40**

**Organized By: Department of Psychiatry, KIMS & RC**

Autism Awareness Day is celebrated on April 2nd every year to increase public awareness and understanding of autism spectrum disorder (ASD). This day aims to promote acceptance, inclusion, and support for individuals living with autism and their families.

ASD is a complex developmental disorder that affects communication, social interaction, and behavior. It is estimated that 1 in 54 children in the United States has ASD, and the prevalence is increasing globally.

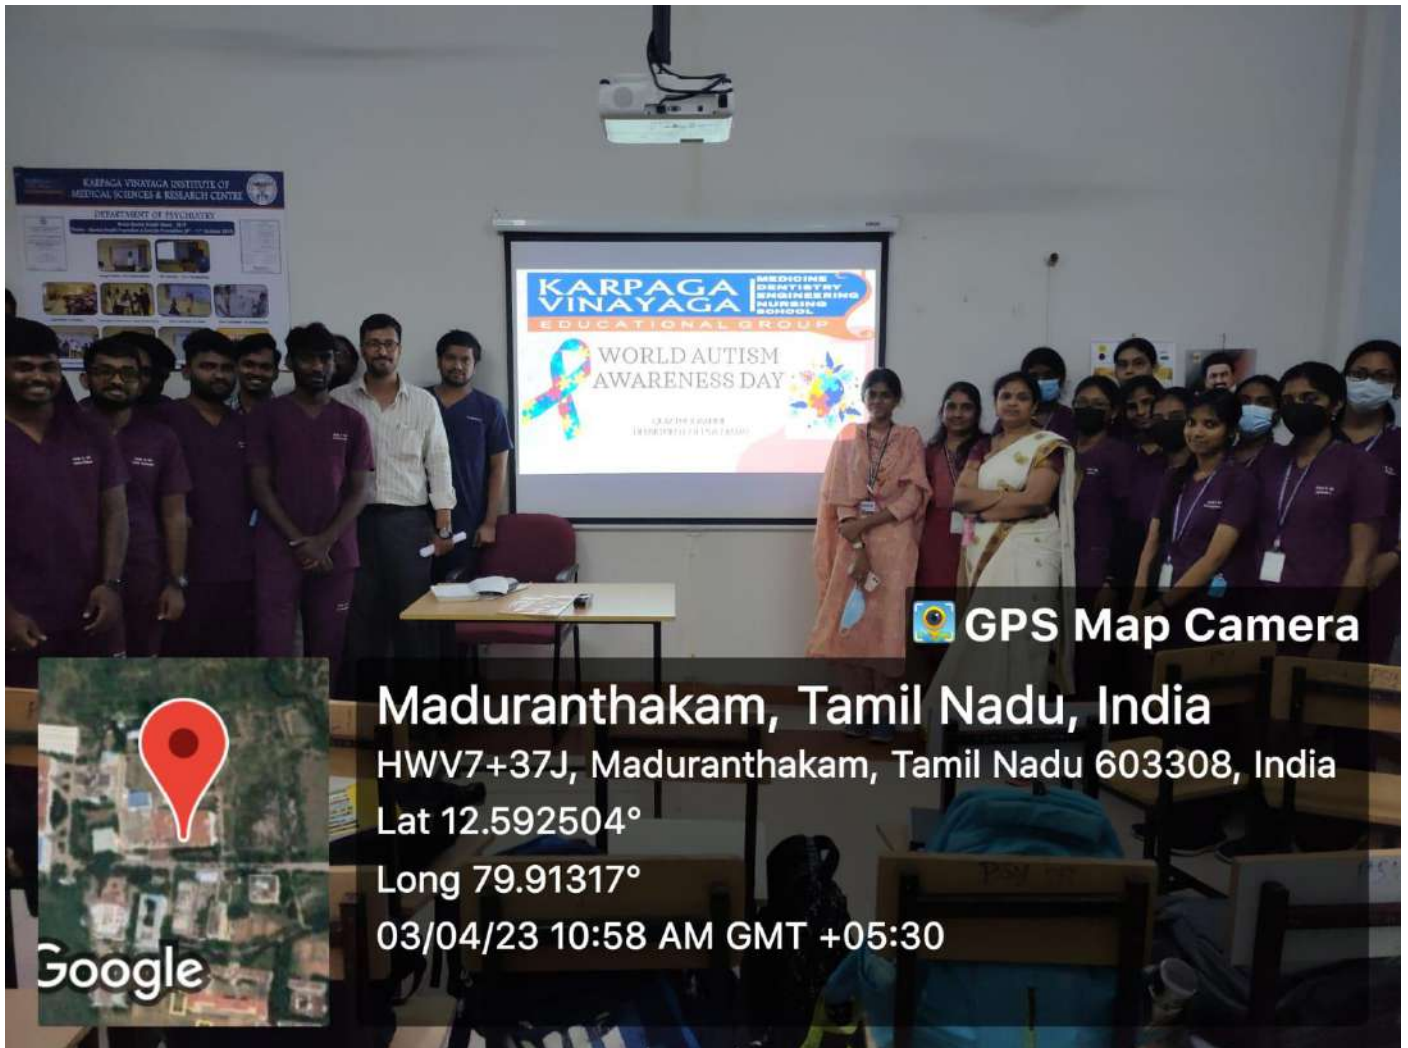

**EVENT OF THE DAY:**

A quiz programme was conducted on 3rd APRIL 2023, MONDAY, from 10.30am to 11.30 am, based on the theme of “TRANSFORMING THE NARRATIVE: CONTRIBUTIONS AT HOME, AT WORK, IN THE ARTS AND IN POLICYMAKING”. The quiz was prepared and conducted by Dr Sumithradevi S and Dr Usaid S. UGs and PGs enthusiastically participated in the quiz programme. It was very useful for students in understanding the disease better.

**CME ON “NATIONAL HIV TREATMENT PROTOCOL”**

**Date: 21.04.2023**

**Venue: CME HALL, KIMS & RC**

**Time: 11.00 AM TO 12.00 PM**

**Targeted Audience: Health Care Professionals**

**Total No. of Resource Persons: Mr. Shiva Kumar, State Coordinator of ART**

**SPEAKERS: 1) Dr. Dhanalakshmi, HOD Dept. of DVL.**

**2) Dr. Archana Lakshmi, Associate Professor Dept. of Community Medicine.**

**Organized By: Department of Dermatology & ART CENTRE, KIMS & RC**

CME was conducted on the topic of “National HIV Treatment Protocol”. Programme started at about 11.00 am. Programme was organized and inaugurated by Dr. Dhanalakshmi, HOD, Dept. of DVL and Nodal officer ART Centre on 21<sup>st</sup> April 2023 at CME Hall, KIMS & RC.

Program was initiated by KIMS ART CENTRE in collaboration with ALLIANCE INDIA, TANSACS ART Members, PGs and Faculties attended the meeting. Functions of ART centre in KIMS was emphasized to the listeners. The event was conducted with the aim of creating awareness among the community regarding the disease so as to avoid associated stigma and to promote adherence to treatment.

The event began on 21st April at CME Hall where PGs, UGs Medical students of KIMS & RC and Faculties attended the CME. Dr. Dhanalakshmi initiated the CME and gave a lecture on HIV Diagnosis and Treatment Protocol, followed by Dr. Archana gave lecture on topic of Pediatric Screening and Management Protocol for HIV. The CME was well attended and highlighted the multidisciplinary approach to HIV Treatment Protocol. Overall the event brought together students, Medical Professionals and community to work towards the betterment in HIV management and adherence for treatment.

At last memento was given to the Guest Mr. Shivakumar, State Coordinator of ART by the Faculties of ART Centre, KIMS & RC.

**Write Up**

Arterial Blood Gas (ABG) Analysis Workshop was a comprehensive educational program designed to equip healthcare professionals with the knowledge and skills necessary to effectively interpret and analyze arterial blood gas samples. This workshop aimed to enhance participants' clinical competency, enabling them to make accurate diagnoses, monitor patient conditions, and optimize treatment plans based on ABG results. Over the course of the workshop, participants engaged in interactive sessions, practical demonstrations, and case studies to develop a deep understanding of ABG analysis. Equipped with these skills, participants were better prepared to make informed clinical decisions, strategies for accurate diagnosis and appropriate intervention and optimize patient management.

**CME ON “AUTISM SPECTRUM DISORDERS”**

**Date: 17.05.2023**

**Venue: CME HALL**

**Total No. of Participants: 80**

**Total No. of Resource Persons: 04**

**Organized By: Department of Psychiatry, KIMS & RC**

Autism Spectrum Disorder is a neuro developmental disorder that affects individuals across their lifespan. It is characterized by challenges in social interaction, communication difficulties, repetitive behaviors, and a range of sensory sensitivities. This CME aims to provide an overview of Autism Spectrum Disorder, including its characteristics, potential causes, diagnostic criteria, and strategies for supporting individuals on the spectrum.

The CME programme happened on 17<sup>th</sup> MAY 2023, from 9.00am – 4.00pm, based on the theme “AUTISM SPECTRUM DISORDERS”. The programme was commenced with Thamizh Thai Vaazhthu, followed by the welcome address by Dr Siva Ilango T, Prof & HOD, KIMS.

The Guest speakers were Dr Shivaprakash Srinivasan, Dr Sowjan M, Dr Venkateshwaran R, Dr Srilakshmi Velandy.

The Vote of thanks was delivered by Dr Sumithra Devi S. Following that a workshop on Parent counselling, Social communication, Applied behavioural analysis, Role of special education was conducted by Dr Nithya Psychologist(GCMCH) and moderated by Dr Siva Ilango T, Dr Sumithra Devi S, Dr Usaid S. The national anthem followed that, making the end of the CME conducted by the Department of Psychiatry.

**TRAINING PROGRAMME IN MEDICAL LABORATORY - INTERNAL AUDIT &  
QUALITY MANAGEMENT SYSTEM (OMS)**

**Date: 14<sup>th</sup> to 17<sup>th</sup> June 2023**

**Venue: KIMS CME HALL**

Time: 9.30 AM to 5.30 PM on all four days.

Total No. of Participants: 52

**Organized by: Dept. of Biochemistry, KIMS & RC**

Faculty for the training programme:

Dr. Jatindra Bhatia, MD  
Dr. Sandhya Phadke, MD

**Organizing Chairman:** Dr. Santhosh Viswan, Professor & Head of Biochemistry.

**Course Director:** Dr. Jatinder Bhatia, 360 Diagnostic & Health Service Pvt. Ltd.

The Department of Biochemistry, KIMS & RC, had conducted four days training programme in Quality Management system (QMS) & Internal Audit in Medical Labs as per 15189:2022

360 HELP accredited by National Board of Quality Promotion (NBQP) approved by Quality Council of India (QCI) and accepted by NABL.

*Welcome Speech by Dr. Santhosh Viswan, Prof. & HOD, Dept. of Biochemistry*

### Program Schedule

**Faculty : Dr. Jatinder Bhatia M.D., Dr. Sandhya Phadke M.D.,  
Dr. Santhosh Viswan M.D.,**

#### DAY – I (14.06.2023)

Time(Hrs.)	Lecture / Activities
10.00-10.30	Introduction of the candidates & faculties
10.30 – 11.00	Introduction to the ISO 15189 :2022, Laboratory Accreditation International perspective
11.00-11.15	Tea Break
11.15 –13.00	ISO 15189 -2022 Clause 1,2,3,4 General requirement
13.00-14.00	Lunch Break
14.00-15.30	ISO 15189 -2022 Clause 5 Structural and governance requirement
15.30-15.45	Tea Break
15.45 –16.30	ISO 15189-2022 Clause 6 Resource requirement
16.30 –17.30	Exercise No.- I : Identification of Clauses and Discussion

#### DAY – II (15.06.2023)

09.00-09.30	Review of Day-I
09.30-11.00	ISO 15189 :2022 Clause 7 process requirement
11.00-11.15	Tea Break
11.15-13.00	ISO 15189 :2022 Clause 7 Continued
13.00-14.00	Lunch Break
14.00-15.30	ISO 15189 :2022 Clause 8 management system Requirements
15.30-16.00	Tea Break
16.00-17.00	ISO 15189 :2022 Clause 8 Continued
17.00-17.30	Exercise No.- II : Identification of Clauses and Discussion

#### DAY – III (16.06.2023)

09.00-09.30	Review of Day-II
09.30 – 11.00	Principles of Audit - Types of Audit . Audit Conduct
11.00-11.30	Tea Break
11.30 –12.30	Quality of Life
12.30-13.00	Group Exercise to write Procedures, listing the QSP
13.00-14.00	Lunch Break
14.00-15.00	Presentation & Discussion on Procedures Management System Commitment Documentation
15.00-15.30	Tea Break
15.30 –16.00	Mock Audit & Role play
16.00 –17.00	Group discussion on RCA and corrective actions
17.00-17.30	

#### DAY – IV (17.06.2023)

09.00-09.30	Review of Day-I
09.30-11.00	NABL Accreditation Program/Route to Accreditation
11.00-11.30	Q&A
11.30-01.30	Examination ( Online exam )
01.30-02.30	Lunch Break

Day 1 Exercise I – 25 marks Day 2 Exercise II –25 marks  
Day 4 will have two hours of exam carrying 50 marks

**CME ON “TRAUMA RESUSCITATION – SICUT IN PRINCIPIO”**

**Date: 17.06.2023**

**Venue: KIMS CME HALL & Skills lab**

**Total No. of Participants: 210**

**Total No. of Resource Persons: 09**

**Organized By: Department of Emergency Medicine, KIMS & RC**

**Trauma Resuscitation – Sicut in Principio**

Department of Emergency medicine organized this CME. This is a one day CME and workshop which is conducted as a interactive lecture discussion and hands on workshop in trauma management. The target audiences are post graduates, CRMI and all practicing doctors.

This CME is conducted as part of the departmental academic event and topics of the events cover the various aspects of trauma management in general and trauma in special populations like pediatrics, geriatrics and pregnant patients. Newer advances in trauma management like REBOA and Thromboelastography has been covered by the expert faculties. Later, Cadaveric model based live demonstration of surgical airway was performed followed by hands on training of delegates on skills like intubation, airway management, intercostal tube drainage placement, needle thoracentesis, Intraosseous access, central line insertion, cervical collar placement, helmet removal, spine board placement, pelvic binder applications and e-FAST.

The skills taught in this event will be helpful for the delegates to manage trauma patients with all level of severity.

### TRAUMA RESUSCITATION : SICUT IN PRINCIPIO

Timing	Topic & Moderator
8:00 AM-8:10 AM	Registration
8:10 AM-8:15 AM	Welcome Address Dr. Dhinesh Babu K, Professor & Head, Dept of Emergency Medicine, KIMS & RC
8:15 AM-9:15 AM	Introduction to Trauma Resuscitation Dr. Aswin K, Assistant Professor, Dept of Emergency Medicine, IGMCR, Puducherry
9:15 AM-10:00 AM	Resuscitation in Pediatrics Dr. Arshiya Aazmi, Assistant Professor, Dept of Emergency Medicine. KIMS & RC
10:00 AM-10:30 AM	Resuscitation in Pregnant Patient Dr. Kumaresh P T, Assistant Professor, Dept of Emergency Medicine, KIMS&RC
10:30 AM-10:45 AM	TEA BREAK
10:45 AM-11:15 AM	Resuscitation in Elderly Dr. Dhinesh Babu K, Professor & Head, Dept of Emergency Medicine, KIMS&RC
11:15 PM-12:00 PM	Massive Transfusion Protocol And Thromboelastography Dr. Sri Devi M, Senior Assistant Professor, Dept of Transfusion Medicine, Stanley Medical College & Hospital
12:00 PM-12:30 PM	Resuscitative Thoracotomy and REBOA Dr. S. Shanmugam, Professor, Dept of General Surgery, KIMS & RC
12:30 PM-1:30 PM	LUNCH BREAK
1:30 PM-3:45 PM	Hands on Training - Resuscitation Procedures
3:45 PM-4:30 PM	Extremity Emergencies Dr. Thiyagaraj C, Assistant Professor, Dept of Emergency Medicine, Stanley Medical College and Hospital.
4:30 PM-4:40 PM	Vote of Thanks Dr. Arshiya Aazmi Assistant Professor, Dept of Emergency Medicine. KIMS & RC
4.40 PM – 5:00 PM	HIGH TEA

### WORKSHOP

(1:30 pm - 3:45 pm)

#### Resuscitative Surgical Airway

Cadaveric Demonstration of Surgical Cricothyrotomy

Dr.R.Ramprasath - Assistant Professor, Dept of General Surgery, KIMS&RC

#### Airway

Hands on Training In Endotracheal Intubation, Oropharyngeal Airway,  
Nasopharyngeal Airway, Extraglottic Devices

Dr.Arshiya Aazmi - Assistant Professor, Dept of Emergency Medicine. KIMS & RC

#### Breathing

Hands on Training in Needle Thoracentesis, ICD

Dr.Dhinesh Babu K, Dr.R.Ramprasath

#### Circulation

Hands on Training in e-Fast in Live Patient Model, Intraosseous Vascular Access in  
Cadaveric Model, Pelvic Binder Application and Central Line Insertion in Mannequin

Dr.Kumaresh P T, Dr.Ezhilkugan

#### Disability

Hands on Training in Disability Assessment, Cervical Collar & Spine Board  
Placement, Helmet Removal

Dr. Aswin K, Dr.C.Thiyagaraj

**Pediatric head and spine trauma**

- A child's brain is anatomically different from that of an adult. It achieves 80% of the adult brain size by 2 years of age.
- The subarachnoid space is relatively smaller, offering less protection to the brain. Thus, head momentum is more likely to impart parenchymal structural damage.
- It is critical to ensure adequate and rapid restoration of an appropriate circulating blood volume and avoid hypoxia to avoid secondary brain injury.
- An infant who is not in a coma but who has bulging fontanelles or suture diastases should be assumed to have a more severe injury, and early neurosurgical consultation is essential.
- Persistent vomiting or vomiting that becomes frequent is a concern and mandates CT of the head.
- Impact seizures, or seizures that occur after head injury, are common in children and are usually

**CME ON YOGA FOR HOLISTIC HEALTH**  
**INTERNATIONAL YOGA DAY 2023**

“Yoga is like music, rhythm of the body, melody of the mind and harmony of the soul creates the symphony of life”. Firmly believing in this statement and to emphasize that the students should realize the importance and impact of yoga on their soul and body and to utilize their energy in the right path, our varsity set the grounds for celebrating international yoga day on a large scale.

**Events on Campus**

A ten day basic training for yoga was conducted for around 150 students in 2 batches, each batch consists of 75 students for the better personalization and involvement of the students. This training consisted 2 parts, in the first part the students were told about the importance and power of yoga in daily life and in the later part the professional trainers taught the students yoga asanas which made them familiar and well versed with the various asanas. This training went on for two hours each day.

Batch 1 (2022-23 Girls)

Venue: Reading room 4<sup>th</sup> floor

Batch 2 (2022-23 Boys)

Venue: Reading room 4<sup>th</sup> floor

**Function on International Day of Yoga**

“International yoga day” main function was celebrated in a grand manner at 8:30 am in the CME hall. All the internal dignitaries, faculty, students attended the function and played their role in making the event successful. Dr. Sufala Sunil Vishwasrao, Principal in her opening address expressed that one’s health condition always remains in their own hands and that it depends on the food we take and exercise we do, yoga is the best way to maintain one’s health conditions and that if we want to have a healthy mind we should have a healthy body and the practice of yoga is one of the best method to maintain a clean body and mind as well.

Dr. Jaya Prof., Dept. of Physiology, shared that the students these days are tending towards the fast foods and that they are treating the stomach as a dustbin and are not taking care of their health. Finally, the Chief Guest of the day Sri Partheeban, Secretary, Prof., World Community Service Centre, has shared his vast knowledge on Neuro Linguistic Programming and said that there are 5 points to remember while doing yoga which are 1. Satyam 2. Ahimsa 3. Asheyam 4. Apretavyaham 5. Brahmacharyam and explained briefly about them. Later Chief Guest Dr. Ramachandran Viswanathan, Prof. of Medicine, KIMS delivered positivity of doing yoga. Later, Shri . Shiva President, Prof., World Community Service Centre, Yoga coach of the varsity conducted workshop and made the audience do some of the yoga Asanas which was very refreshing. Dr Sumitra Associate Prof., Dept. of Physiology proposed the vote of thanks.

**CME ON PAEDIATRIC ORTHOPEDICS**

Date: 15.07.2023

Timing: 09.00 AM To 04.00 PM

Number of participants: 232

Number of Resource person: 09

Organized by:– Department of Orthopedics, KIMS & RC

Organizing Chairman – Dr.Annamalai Regupathy

Organizing Secretary – Dr.Manoharan

Sponsorship – Nil

We, the Department of Orthopedics have conducted a CME on **Pediatric orthopedics** on 15.07.2023. This CME was conducted under the guidance of The Tamil Nadu Dr.M.G.R. Medical University and under the auspices of Tamil Nadu Orthopaedic Association, Orthopaedic Association of South Indian States and Chengalpattu Orthopaedic Society.

The CME was conducted in CME hall, KIMS from 09.00am to 04.00pm. The Managing Director, Medical Superintendent, Vice Principal and HODs of various Department of KIMS graced the CME with their presence.

This CME was conducted by the organizing team headed by Dr. Annamalai Regupathy as organizing chairman and Dr. Manoharan as Organizing Secretary. **9 eminent speakers** from various colleges across the state were invited and their presence graced the occasion. Orthopedics Faculties and Postgraduates from various colleges across the state, Faculties and Postgraduates from various departments, Final year MBBS students and CRMIs of KIMS & RC were the registered participants for the CME. This CME was accredited by Tamil Nadu Medical Council and the registered participants were awarded with 2 credit hours.

The invited speakers spoke on topics which includes Developmental Dysplasia of Hip, Perthe's disease, Slipped capital femoral epiphysis, Club foot, Fracture neck of femur in children, Quadratus fracture, Epiphyseal injuries and Septic arthritis of infancy.

There was also a workshop session conducted for the participants on Ponsetti method.

**CME ON “ZOO NOTIC DISEASES – THE PANDORA BOX OF PANDEMIC ERA”**

**Date: 16.07.2023**

**Venue: Microsoft Team’s Platform**

**Total No. of Participants: 113**

**Total No. of Resource Persons: 03**

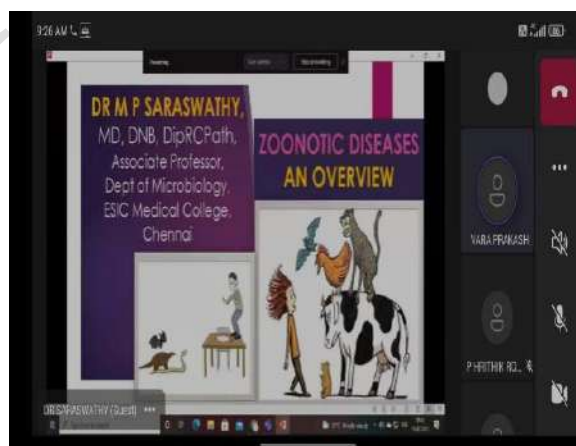

**Organized By: Department Clinical Microbiology, KIMS & RC**

The programme flagged off at 9.00am with the online registration & pretest. Dr. S. Dhanapaul, Professor & Head of Clinical Microbiology, KIMS & RC gave a welcome address & briefed the importance of Zoonotic diseases in the pandemic era.

The 1<sup>st</sup> speaker was Dr. M. P. Saraswathy Associate Professor Dept of Microbiology, ESIMC & PGIMSR spoke on “Zoonotic Disease - An Overview”. She highlighted the Zoonotic is a contagious disease incited by a range of disease pathogens such as bacteria, viruses, fungi, and parasites that can be passed from animal or insect to a human. Some of this disease will not affect the animal but will sicken a human.

The 2<sup>nd</sup> speaker was Dr. S. Prasanna, Associate Professor Dept of Microbiology SSSMCRI & RI spoke on “Neglected Zoonotic diseases” Neglected tropical zoonotic diseases (NTZDs) continue to affect the health and livelihoods of humans particularly the poor and marginalized populations in developing countries.

The last session by Dr. Pravin S , Assistant Professor, Dept of Community Medicine, SMVMCH delivered “One Health approach for prevention & Control of Zoonotic diseases”. He addressed the One Health includes specialists from multiple health sectors: human medicine and public health, veterinary medicine, and environmental health.

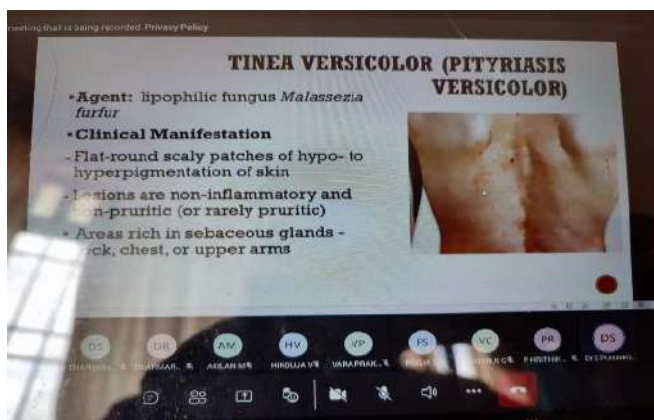

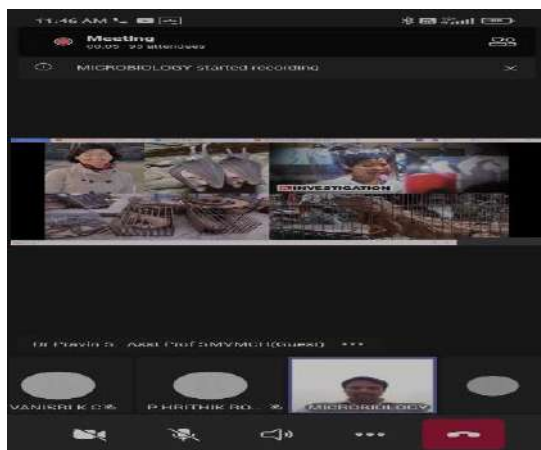

*Zoonotic diseases - The Pandora Box of Pandemic era”- Talk by Dr Saraswathi - Dept of Microbiology*

**CME ON “ONE HEALTH”**

**Date: 28.07.2023**

**Venue: KIMS CME HALL**

**Total No. of Participants: 154**

**Total No. of Resource Persons: 05**

**Organized By: Department of Microbiology, KIMS & RC**

Department of Clinical Microbiology, KIMS&RC organized CME on “ONE HEALTH”, IMS&RC on 28<sup>th</sup> July 2023 (Friday) from 8.30 Am -4.00 Pm - CME Hall Lecture Hall complex. The objectives of this CME was the importance of One Health lies in its ability to provide a comprehensive and integrated approach to health that considers the interconnections between humans, animals, and the environment. By recognizing and addressing these connections, we can better prevent and respond to health threats, promote sustainable practices, and improve the well-being of all living beings on our planet.

The programme flagged off at 8.30 Am 1.30 Pm with CME registration for 10 min and & pretest started at 8.40 Pm -8.50 Pm (10 min). The Dr. S.Dhanapaul, Professor& Head of Clinical Microbiology, KIMS&RC. He gave a Welcome address & briefed the importance of One health and its best practices at international and national level

The Second speaker Dr. K.Balan, Professor of Clinical Microbiology gave a talk “Emerging Infectious diseases and Antimicrobial Resistance”. He enlighten the One Health is a concept that recognizes the interconnectedness of human, animal, and environmental health. It emphasizes the importance of collaboration and communication across different disciplines to address health issues that arise at the interface of these three domains. The concept of One Health is becoming increasingly important for several reasons. Emerging Infectious Diseases: Many infectious diseases, including zoonotic become global health threats. Antimicrobial Resistance (AMR): The overuse and misuse of antibiotics in both humans and animals. Environmental Impact on Health: The health of humans, animals, and ecosystems is closely linked. Food Safety and Security: The safety of the food supply chain is essential for human health.

The 3<sup>rd</sup> speaker was Mr. J.Visuvasam, Assistant Professor, Dept of Clinical Microbiology, KIMS & RC spoken on “One health application in management of zoonotic diseases ” .The learning objectives are the

Africa Center of Disease Communication, FAO, WOA, and United States Centre of Disease Control and Prevention, the most effective One Health approaches that are commonly used to combat management that resilience cannot be developed for, or on behalf of, communities but relies on the sharing of information, understanding, decision-making, responsibility and resourcing within and between communities and partners. Community engagement is a critical component of emergency management and action to reduce disaster risk and strengthen resilience. The new *Community Engagement for Disaster Resilience* handbook presents nationally agreed principles of community engagement for disaster resilience and provides high-level guidance to support those who engage with communities at all phases of disaster.

The last session is followed by scientific discussion by undergraduates & postgraduates post test, feedback & Vote of thanks. Around 135 delegates including Undergraduates & Postgraduates of various departments from our institution & other institution participated in the CME programme. All the participants unanimously stated that this CME helped them to gain more knowledge on emerging concepts of One Health. The knowledge and skills gained will help them to initiate and further strengthen the sustainable developmental goal and well being of human.
