#### **Event Report:**

A Sensitization workshop was organized by Scientific Advisory Committee, KIMS & RC, on 9<sup>th</sup> May 2023 to observe the World Intellectual Property Day 2023. World Intellectual Property Day is observed every year on 26<sup>th</sup> April. The theme of this year is “Women & IP: Accelerating Innovation & Creativity” to celebrate works of notable women inventors, creators and influencers and identify how IP can support women in their quest to accelerate innovation and creativity.

This year, a Sensitization workshop was held for undergraduate and postgraduate students. Dr Geetha M, Member Secretary, SAC, welcomed the gathering. Dr Thirunaaukarasu, Professor and Head, Community Medicine and Member, SAC, initiated the scientific session with his comprehensive address on “Intellectual property: Introduction and various forms of IP”. Dr Siva Ilango T, Professor and Head, Psychiatry and Member, SAC, gave a detailed view of “IP Rights: Economic, Academic and Research implications”, emphasizing the need for awareness of IP Rights among students. This was followed by a hands-on session on “The Process of Copyright and Policy of Fair use” by Dr Geetha M, with a demonstration of Registration and Copyright application procedure and process of verification of copyright policy covering web-based content.

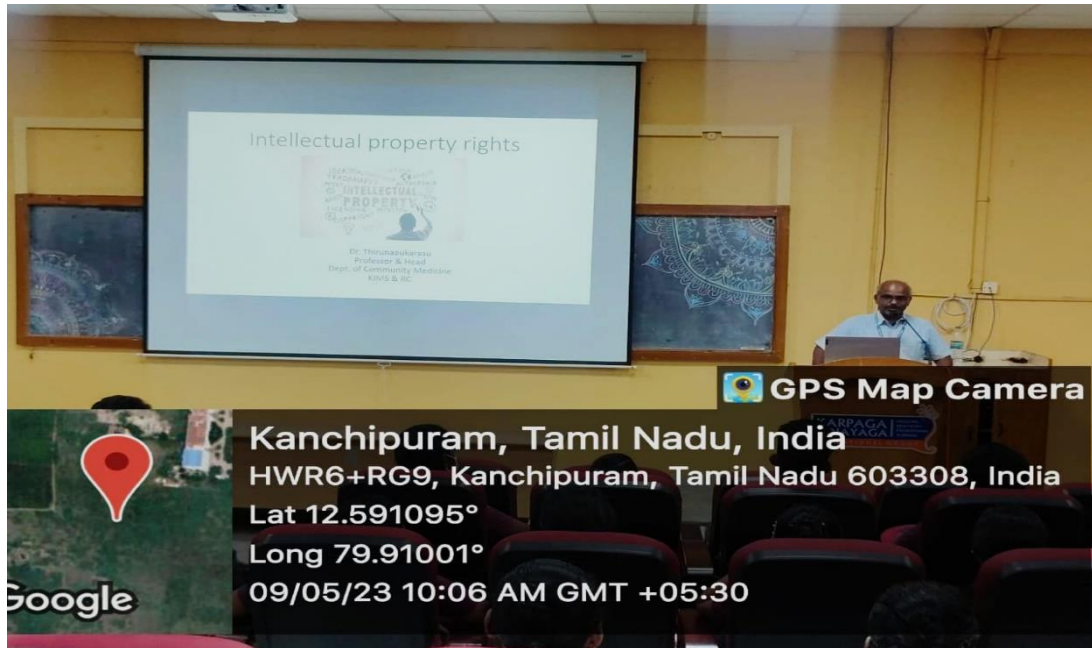

Students displayed posters in accordance with the theme identifying women creators, innovators and influencers and highlighting their achievements. In addition, students presented videos and podcasts of women influencers and innovations for women.

This was followed by a feedback session by students and faculties. The event concluded with vote of thanks by Dr Geetha M.
